Novel

Published on Amazon & Amazon Kindle (2019)

“‘Nothing like that album’, OD declared, adding something about Wembley 1986 and Peter Gabriel’s Secret World tour and whatever happened to that perfectly organised rock show not to talk about rock itself, but then he stopped caring because this was the feeling, the present, the feelz.”

This novel is dedicated to James Joyce and Kurt Vonnegut, inasmuch as they knew how to write about nothing.
